Systems Engineer/Project Manager

Seasoned Project Management Professional (PMP) and Certified Systems Engineering Professional (CSEP) with Master of Science in Computer Information Systems. I have over 10 years of experience in managing and implementing multimillion-dollar Electronic Security System solutions for the Department of Defense and Federal agencies. Proficient in developing contract requirements, source selection criteria and RFPs and managing financials, changes and deliverables throughout the project lifecycle.

Areas of expertise include:

- | | |

-

Certification & Credentials

- Project Management Professional (PMP) Certification
 - Lean Six Sigma Yellow Belt
 - Contracting Officer Representative (COR)
 - Certified Systems Engineering Professional (CSEP) Certification
 - Systems Planning, RD&E – Systems Engineering Level II Certification
 - Program Management – Level I Certification
 - TS Clearance with SCI eligibility
-

Professional Experience

Naval Information Warfare Center Atlantic - Charleston, SC

2010 – Present

Systems Engineer/Project Manager: *Air Force and Navy Child Youth Program Video Management Systems*

- Spearheaded \$10 million pilot project for CCTV upgrades leading to the establishment of a multi-year program to update Video Management Systems at all Air Force and Navy Child Youth facilities worldwide.
- Developed contracting strategy to allow for client flexibility in funding, and scheduling facilities for upgrade, decreasing total contracting downtime by 30%.
- Developed all contract documentation, including Statements of Work (SOW) and Cost Estimates, providing a solid baseline for managing cost, schedule, and performance.
- Led RFP and source selection process, implementing agile methodologies to decrease contract evaluation and processing time by 50%.
- Managed over \$50 million of contracts as COR, leading a team of 7 engineers managing 30+ contractors.

Neil Gandhi, PMP, CSEP – Page 2

404.488.6531 | neil.sgandhi@gmail.com

- Designed, Implemented, and Managed 40+ standardized Genetec Video Management Systems worldwide estimated at over \$12 million.
- Provided Project Management leadership briefings to executive stakeholders during the execution phase of 40+ installations.

Project Lead: *National Geospatial-Intelligence Agency Command Center Upgrade*

- Led implementation of \$4 million Security Command Center upgrade as the lead project engineer.
- Analyzed stakeholder requirements and constraints to mitigate impacts to cost, schedule and performance.
- Provided over 30% cost savings by identifying contractual/requirements gaps throughout the project lifecycle.
- Facilitated critical system transition with executive stakeholders, minimizing downtime impact by developing and distributing a detailed system transition plan to installation team.

Systems Engineer/Project Lead: *U.S. Army C4ISR Center of Excellence Electronic Security Systems*

- Led implementation first major AMAG Symmetry 7.0 Electronic Security System valued at over \$15 million.
- Developed Change Management System to efficiently analyze and implement over \$5 million of additional security upgrades.
- Led 20+ contractors during design and installation of security systems, managing schedule and milestones based on external team constraints.
- Conducted Monthly Program reviews to discuss project status, deliverables, and changes in requirement with C-Suite level stakeholders.

Education

Master of Science Computer Information Systems

May 2016

Subconcentration: Security

Boston University – Boston, MA

Bachelor of Science in Computer Engineering

May 2009

Georgia Institute of Technology - Atlanta, GA
